

YEAR 5 SUMMER TERM NEWSLETTER

Wednesday 17th April 2024

Welcome back to the Summer Term. It was an extremely busy but exciting Spring term in school, and seeing the children return in fine form has been great. We look forward to seeing some fabulous work this term, with lots of new, exciting learning to be done.

Last Term's Highlights

Last term, we explored mountains and global biomes in Geography, which the children found fascinating. This linked with our reading, where we read many non-fiction texts on mountains. Additionally, our design technology was inspired by tourism related to famous mountain regions, resulting in some delicious soups being made. In addition to all the fantastic learning, the children thoroughly enjoyed our Spring disco, which showcased some fabulous dance moves!
